Thought for the month!

April is the time that we see things springing up all around us. The challenge of us humans is to also spring up, find new goals, enjoy the longer days and our outdoor spaces. Enjoy springing to make your days better.

Onward...

Just a follow up on the Legion work that I am doing. I am so enjoying the opportunity to sit with Veterans and here the stories of how they served our County and how they are going forward. I am hoping to find away to get our youth connected to these amazing Vets and have them see how it is now up to them to keep the stories alive and give back to help their community through the Legion.

Here is a story from my heart.

The upcoming month of May will see me celebrating Mothers Day with my son and his family. As an adoptive Mom I also take some time to thank his birth family for this gift. I will be taking time to remember and time to make new memories. Thanks to my Son and his family for being in my life

Debra
